NLP MASTER PRACTITIONER

I will take this opportunity to thank my wonderful teacher, professor and inspirer person sir hussain basha for giving us a fantastic opportunity to learn psychology in a very interesting, fun and motivation life ..

first of all by learning psychology it changed me lot ..

Especially by attending the four days workshop i have learned more life based therapies.

I really amazed by NLP.

One of the best thing in using NLP is it is content free ..

I have got excellent motivation and boosting to attain my goals.

This session was more effective that it all out of the negativity within me.

By the concept of NLP using VAK (visual, auditory and kinesthetic) we can fine tune our brain and mind to boost up our positivity and eradicate our negative thoughts and feelings.

This four day workshop is an event that will never go away in my life.

It's an amazing and unforgettable moments for me and especially my family with neither expectations nor jealous.

We have both positive and negative thoughts, we always focus on negative thoughts and not even ready to think about the positivity, In our internship we came out of negative thoughts through Classical Swish Therapy,

I recollected all my significant throughout my life and thanked them soulful, all was amazing therapies..

BYSAM Therapy is how to come rid of your childhood sad memory...

and Sweet Revenge is to achieve your goal in front of the person who teased u.

Our aim & motto is to help the peoples all over the world to get rid of negative thoughts and be a positive person.

May Almighty Allah may shower his blessings on us and especially to our Hussain sir who had started this journey and made us to walk along with him.

At the end of this class I got the satisfaction of gaining various knowledge.

The knowledge gained in this class helps me in various aspects of my life.

At first I knew who I was and how I understood myself.

This class of beauty also taught very simply how to deal with the different types of people who have to go through different parts of the world.

I was able to gather rare information like how the most important art that men need to know is how to deal with women and keep them happy ..

During these four days I collected as many treasures as pearls in the sea.

I consider psychology knowledge to be a very useful subject in child rearing series ..

I also consider the best lesson learned in class to be how to incorporate Islamic ethics into different people in a different and simple way.

After attending the four day class I feel very positive and refreshed.

Happy to share my experience about four days workshop held at asha nivas conducted by dr hussain basha sir.

First i would to share about our wonderful teacher hussain basha sir.

he is the best ever teacher made easily understanding any topic.

Assalamu alaikum warahmathullahi wabarakathuhu.
By the grace of Almighty Allah, I have attended 4 days workshop on NLP Master Practitioner course & DNLP at Chennai (12th May to 15th May 2022). In short, Really it was an excellent experience and turning point in my life. We have so many resources within & around us. According to the concept of NLP, by using the Visual, Auditory & Kinesthetic senses (VAK) we can use those resources and fine tune our brain and mind to maintain positivity in ourselves and to remove negativity from us. This led to attain PEACE of MIND really. For this, many therapies were taught. My heartfelt thanks to Dr.Hussain Basha for his excellent teaching with great enthusiasm and humor. I thank the Almighty Allah for giving me such a wonderful teacher in my life.

The Nuro Linguistic Programming (NLP) Master Practitioner Program and Psychotherapy Internship conducted by Dr. Hussain Basha in Colombo from March 8th to March 12th was a highly anticipated program by participants. The program aimed to provide participants with an in-depth understanding of NLP and psychotherapy techniques to help them become more effective in their personal and professional lives.

The program was well-received by participants, who appreciated the positive atmosphere and the opportunity to learn from Dr. Basha, a well-respected expert in the field of NLP and psychotherapy. The program covered a range of topics, including advanced NLP techniques, the psychology of communication, and the application of NLP in psychotherapy.

Overall, it seems that the program was a valuable learning experience for those who attended, and Dr. Basha was able to provide participants with a strong foundation in NLP and psychotherapy that they can apply in their personal and professional lives.

என்னுள் எந்த எதிர்மறை எண்ணங்களும் இல்லை என்ற நிலையில் தான் May 12,13,14 &15 -2022யில் நடைபெற்ற NLP Master Practitioner பயிற்சி முகாமில் கலந்து கொண்டேன்.

Dr. Hussain Basha sir அவர்கள் பயன்படுத்திய ஒவ்வொரு பயிற்சியிலும் என்னுள் எனக்கே தெரியாமல் மறைந்திருந்த பல எதிர்மறை எண்ணங்கள் வெளிப்படுவதையும், அவைகளை என்னை விட்டு நான் வெளியேற்றி விடுவதையும் கண்டேன்.

அந்த பயிற்சிகளுக்கு பின் இப்பொழுது நேர்மறை சிந்தனையோடு, மகிழ்ச்சியான வாழ்க்கை வாழ்வதாக உணர்கிறேன்.

நன்றி:

Assalamu alaikum wr wb I attended 4 days workshop on NLP(Neuro Linguistic Program) Master Practitioner course from 12th_15th May 2022.It was a remarkable experience and thought provoking too.I understood my inbuilt resources,which I realised through our mentor. I already attended Hussain sir 's internship earlier too. After that no past negativity was left within me. This session was more effective that it washed out the negativity which was leftover. By the concept of NLP, using VAK (VISUAL, AUDITORY,KINESTHETIC) we can fine-tune our brain and mind to boost up our positivity and eradicate the negative thoughts & feelings. Without conveying our problem ,we can arrive the solution through NLP., which is the key speciality . More therapies were taught to us during this period.we were more excited during the whole session without exhaustion. Alhamdulillah. I thank wholeheartedly Dr.hussain basha sir setting the floor with valuable learning which would be a key take away in my life.I thank the Almighty for giving me a wonderful opportunity to kick off my journey through

I am new to psychology, i dont know anything about psychology even the spelling. Once i attended the class it was very interesting only because of his teaching. After joining 4 days NLP in master iam very much motivated. After finishing the class i got the confidence that i can do anything n can achieve a level in my life. The negative thoughts inside me was buried n now iam a positive person. At first i didnt believe once i did the exercise i was surprised.

If anyone ask me where to join any class related to psychology i will strongly recommend Dr. Hussain Basha sir and will say don't join anywhere do join n learn only with Dr. Hussain Basha sir. The teaching style was excellent, the interaction between student n a teacher was not like student n teacher, it was like a friend. With smiling face he starts the class, the smile didnt miss anywhere till the end. Very energetic person when he take class with that energy we didnt felt tired anywhere. Time runs but we didnt felt boring. Only we feel 😊 aaahh its time up. If we have doubts he use to clear. Once the doubt was clear then only he use to move for next exercise he will find whether the doubt was clear r not in our face itself, if not he use to repeat n repeat until the doubt is clear. Fantastic teacher, awesome human being. May Allah bless him and his family abundantly will all health n wealth n give
